

IPCMobile Linea Pro Series

An all-in-one scanning & data capture solution.

Revolutionize your operations with the **Linea Pro Series**, a state-of-the-art **barcode scanning solution** seamlessly integrating with Google Pixel 8a and iPhone SE smartphones, delivering efficiency, accuracy, and adaptability across industries.

- **With its AI-powered smart data capture**, the Linea Pro Solution transforms the way businesses handle information by automating data collection, reducing errors and accelerating workflows.
- **Built for 24/7 uptime reliability**, this solution ensures consistent, uninterrupted performance. Its rugged hardware and seamless software integration keep your operations running smoothly, minimizing downtime and maximizing efficiency.
- **Four programmable buttons** provide unparalleled customization for your unique needs. Configure these buttons for Push-to-Talk, NFC/RFID scanning, AI-enabled data capture, or even speech recognition and translation, giving your team a tool that adapts to their workflows.
- **Seamless integration with Google Pixel 8a and iPhone SE smartphones** makes this solution user-friendly and powerful. The familiar interface ensures quick adoption and smooth compatibility with your current mobile infrastructure, improving performance from day one.

Perfect for industries like retail, logistics, healthcare, and field services, the **Linea Pro Solution empowers your business to stay ahead in the digital age.**
