

The Next Generation of Critical Event Management

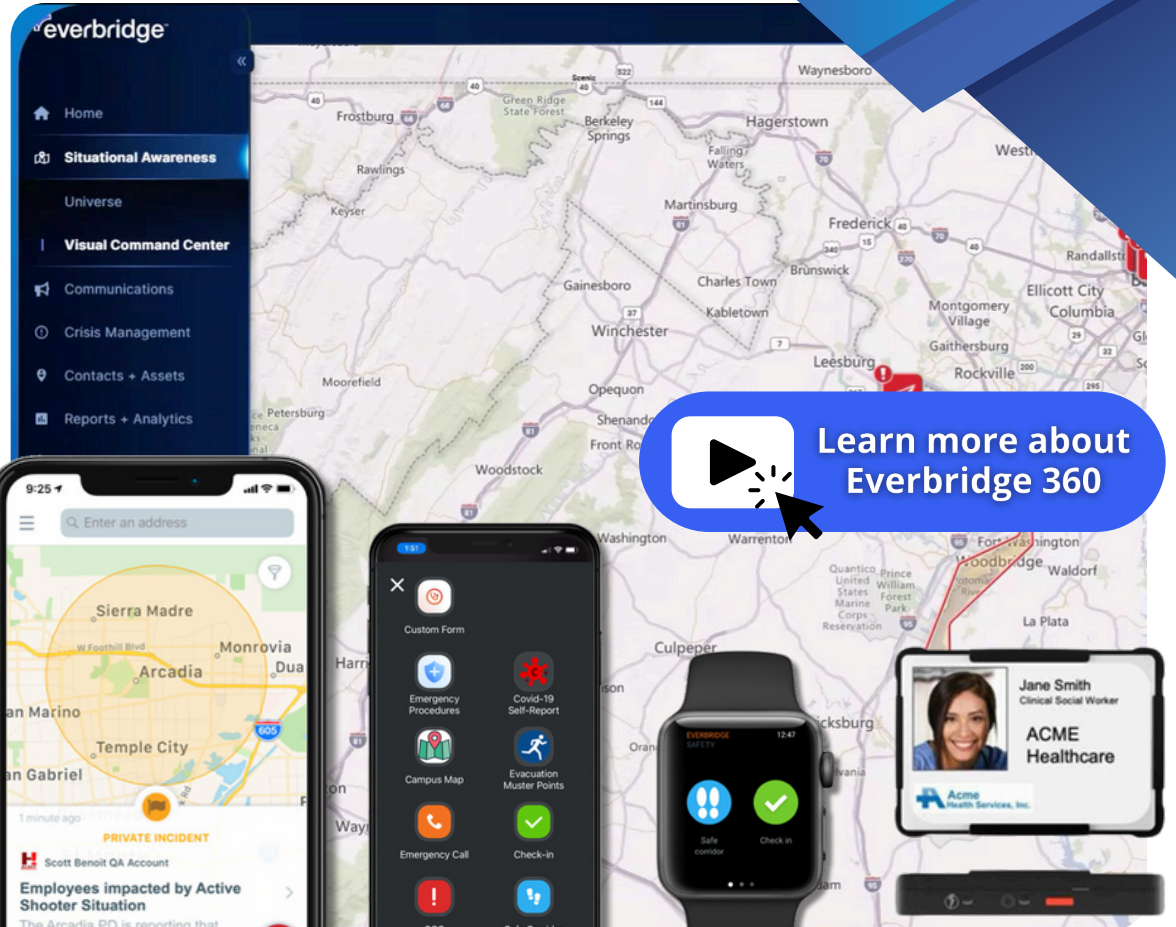

Everbridge's 360 Core enhances organizational response to critical events with advanced communication solutions, ensuring rapid, coordinated incident management via mobile platform and cellular-enabled panic button.

- **A Wearable, Cellular-Enabled Panic Button** provides enhanced on-the-go safety, enabling discreet help requests.
- **The Mobile App Panic Button** ensures users can quickly signal for help from the convenience of their mobile device, configurable to numerous incident types, and complete with two-way communication.
- **Mass Notification** supports delivery of time sensitive communications to employees and staff based on geographic locations and custom incident templates for specific emergency scenarios.

With Everbridge's 360 Core, your organization is equipped to respond to emergencies with unmatched efficiency and precision. Protect your people, assets, and operations with a solution that turns critical moments into well-managed outcomes, empowering you to act with confidence when it matters most.
